COMPANY INTRODUCTION

Explorer

Shenzhen TDbarcode Technology Co., Ltd. specializes in the research, produce,sale and service of modern printer.Professional R&D team with more than 10 years of experience.Through strong technology and rich experience, we can meet customers' needs and provide customers with high quality products and best service.TDbarcode has internationally leading technology, has independent intellectual property rights, successfully passed CE, FCC certification, and obtained a number of patents.

Based on customer needs and cutting-edge international technology, TDbarcode continues to innovate and develop a range of products such as portable barcode printers, desktop barcode printers and industrial barcode printers. It is widely used in government, medical, warehousing, logistics, manufacturing and retail. The newly launched P320, D420 and other series products have caused a sensation in the same industry with their unique appearance and excellent quality, and won the praise of many customers.

Adhering to independent research and development, the road of scientific and technological innovation is the core business philosophy of TDbarcode. Under the leadership of senior experts of the company, it has overcome various domestic and international bar code printing technology problems and promoted the application and development of international leading bar code printing technology in China.

TDbarcode will be the "explorer of global printing solutions" and continues to lead the way in bar code printing.

Product Concept

Lean manufacturing
Trial amd error
Pursuit of excellence , perfection and leadership。

Enterprise Mission

Complete absorption in printing
Turning a new folio

Enterprise Vision

We pursue lean manufacturing and
global leadship in technology.

Enterprise Spirit

Seek new ideas and enrich the power of innovation
The Pursuit of perfection is endless

Lntroduction of Product Parameters

|			
M o d e l	D431	CPU feature	32-bit Dual-Core
Printing width	Max 104mm	Print speed	152.4mm/s
Media web width	25-115mm	Dimensions Item Weight	310mm(L)×235mm(W)×204mm(H) 2.7KG
Print length Max roll outer diameter	10 -2000mm 125 mm	Programming language	NPL compatible with TPCL and TSPL
Media sensor	reflective/gap sensor	Storage	RAM:16M ROM:16M
Operational temperature	5°C - 40°C	Operational mode	batch/label
Operational humidity	25%-85% RH (non-condensing)	Print head	flat-pressed
Storage temperature	-20°C - 60°C	Print mode	direct thermal/thermal transfer
Storage humidity	10%-90% RH (non-condensing)	Connection	USB、 serial port、 selection interface: bluetooth、 internet access、WIFI
Resolving ratio	203dpi	TDcode type	QR.code,DataMatrix,PDF417 Maxicode,MicroPDF417
Ribbon core inside diameter	25.4mm	Barcode type	Code39,Code39Ext,Code128,ITF25 CODE25,MATRIX25,EAN8/13,UPC A/E,CODABAR,CODE93,CODE ONE CODE 49,CODE 16K
Ribbon standard length	300m		
Ribbon width	25-115mm		
F o n t	NMARK0,NMARK1,NMARK2 NAMRK3,NMARK4,NMARK5,黑体 Times Roman,Arial	Attachment	USBDC,adapter Cutter (optional),Instruction
